

In the rustling of the reeds and the calls of waterfowl overhead, Canada's wetlands are saying "thank you."

Ducks Unlimited Canada

LEADING THE WAY

2011 ANNUAL REPORT
Our Conservation Supporters

Ducks Unlimited Canada is a private, non-profit charitable organization that conserves, restores and manages wetlands and associated habitats for North America's waterfowl. These habitats also benefit other wildlife and people.

Keeping Canada's Wetlands

- 🦆 DUC has conserved wetland habitats in Canada since 1938
- 🦆 DUC is active in every province and territory
- 🦆 DUC's conservation activities include:
 - 🦆 restoration, securement and management of wetlands and their associated habitats
 - 🦆 government & industry relations
 - 🦆 wetland & waterfowl research
 - 🦆 public environmental education

Committed to Conservation

- 🦆 Habitat secured through land purchase, management agreements, conservation easements and leases: **6.2 million acres**
- 🦆 Habitat conserved through retention or restoration measures of less than 10 years or positively influenced by policy: **95 million acres**
- 🦆 Number of habitat projects completed: **8,880**
- 🦆 Number of Canadian land-owners who have conserved habitat in partnership with DUC: **19,200**

Grassroots Support

- 🦆 Annual fundraising events: 519
- 🦆 Supporters: 144,000
- 🦆 Event attendees: 68,400
- 🦆 Volunteers: 6,600
- 🦆 Children 17 years and under enrolled in Project Webfoot, DUC's youth education program: 36,379

Our Conservation Vision for Canada

Abundant wetlands and waterfowl – today, tomorrow and forever.

* As of March 31, 2011

12.6% Fundraising & Administration

87.4% Program Expenses (Habitat Conservation, Research & Education)

Every Dollar Counts

Did you know that more than 87 per cent of all dollars received by DUC are invested in habitat conservation, research and education? By keeping administrative costs low, DUC makes your investment count where it matters most.

It's amazing what can happen when a group of people are driven to make a difference in the world, for now and for the future.

Thanks to supporters like you, Ducks Unlimited Canada was able to rise above the economic uncertainty, as well as threats to wetlands – like the Gulf Coast oil spill – that occurred across North America during this year in review.

Ducks Unlimited Canada ended the fiscal year 2011 on a high note with the successful completion of the six-year *Wetlands for Tomorrow* campaign. In 2005, we set our campaign goal at \$500 million; as of the end of the campaign on March 31, 2011, we had achieved nearly \$592 million. The campaign engaged people who passionately believe that through this cause, they are making a difference that will be felt for generations.

In addition to the overwhelming success of the largest conservation fundraising effort in North American history, we conserved more habitat for waterfowl over the past 12 months with our partners through policy and direct on-the-ground programs, including 33.3 million acres of wetland-rich boreal forest in Quebec.

Our science-based approach to conservation has led to the increased recognition of DUC's role among our partners and across all levels of government as one of Canada's most trusted conservation organizations. As a delivery partner of the Government of Canada's Natural Areas Conservation Program (NACP), launched in 2007, we enabled the conservation of critically important habitat across the most pressured landscapes in southern Canada. With the NACP funding, DUC has engaged landowners and partners across the country to advance Canada's conservation efforts – excellent value for the investment and for all Canadians.

Our business-like approach to conservation included growing our support base in Canada and the U.S. for the benefit of wetlands and continental waterfowl. We also made major strides in aligning our resources and talents for successful delivery of our strategic and business plans. This will help DUC rise to challenges and opportunities in a world of rapid changes in economics, technology, ecology, climate and culture.

There are many more examples of Canada-wide successes to celebrate as you'll see on the pages of our annual report. We look forward to building on these successes to ensure our conservation vision of abundant wetland and waterfowl – today, tomorrow and forever. And with your help, we will.

Thank you for your support.

Yours in conservation,

Jack H. Hole
President (2009-2011)

C. Neil Downey
Chairman of the Board (2009-2011)

Every piece of wetland or associated upland habitat conserved by DUC is the result of partnerships. These partnerships are the foundation of DUC’s conservation leadership and the reason why we so clearly envision a future for wetland conservation in North America.

Today, this continent-wide network of conservation staff, volunteers, members and supporters ensures that Ducks Unlimited Canada, Ducks Unlimited, Inc., and Ducks Unlimited Mexico play leadership roles in international programs like the **North American Waterfowl Management Plan (NAWMP)**. Established in 1986, NAWMP is a partnership of federal, provincial, state and municipal governments, non-governmental organizations, private companies and many individuals, all working towards achieving better wetland habitat for the benefit of waterfowl, other wetland-associated wildlife and people. Ducks Unlimited is proud to be closely associated with NAWMP, one of the most successful conservation initiatives in the world.

The North American Wetlands Conservation Act (NAWCA), enacted by the U.S. Congress in 1989, provides funding support for NAWMP. Through international costshare funding formulas, NAWCA stimulates public-private partnerships to protect, restore and manage a diversity of wetland habitat. From the Gulf of Mexico to the Mackenzie River Delta in Inuvik, migratory birds and other wildlife are using habitats that we’re working to conserve.

Nowhere else in the world is there a partnership like the one that exists between Ducks Unlimited Canada and the conservation force of its American counterpart, **Ducks Unlimited, Inc.**, whose supporters recognize that conserving Canada’s habitats leads to strong continental waterfowl populations.

On a national level, we recognize **the people behind DUC** – our volunteers, members, supporters and the companies and governments that understand the broad-reaching benefits of what we do.

A Special Thanks to Our Government Partners

DUC’s conservation vision is: *Abundant wetlands and waterfowl – today, tomorrow and forever.* Essential to achieving this vision is the support of Canadian and American **federal, provincial and state governments**. The governments listed below have provided instrumental support in Canada over the past year.

The Government of Canada

- The Government of Alberta
- The Government of British Columbia
- The Government of Manitoba
- The Government of New Brunswick
- The Government of Newfoundland and Labrador
- The Government of the Northwest Territories
- The Government of Nova Scotia
- The Government of Nunavut
- The Government of Ontario

- The Government of Prince Edward Island
- The Government of Québec
- The Government of Saskatchewan
- The Government of Yukon

The Government of the United States

- The State of Alabama
- The State of Arizona
- The State of Arkansas
- The State of California
- The State of Colorado
- The State of Delaware

Honour Roll

MAJOR SPONSORS

Major sponsors are individuals, corporations, and foundations that have generously supported Ducks Unlimited through donations of cash (referred to as major sponsors), gifts-in-kind (Teal Awards) or planned gifts (Feather Society). Donors at each level are presented with a unique lapel pin and appropriate recognition. This is a list of sponsors that have given or pledged to Ducks Unlimited Canada up to and including Dec. 31, 2010.
