

Win a trip to
**DUCKS
UNIVERSITY**

Pack your bags for the ultimate field trip!

We'll take you into the wetlands, where you'll get up close with wildlife and DUC biologists! Go behind the scenes to learn about waterfowl with our top experts, and learn about the science that makes conservation possible.

Ready to win your way to an honorary degree in Duckology? It's easy.

- STEP 1** Consider why Canada needs to do more to *Rescue Our Wetlands*. Water quality, wildlife, climate change, recreation... think of a reason that matters to you!
- STEP 2** Use your imagination and creativity to express your reason. It can take the form of a song, art piece, poem, craft or any other creative expression you choose!
- STEP 3** Post your piece on our Facebook page (Ducks Unlimited Canada) or tweet it and include **@ducanada** (and don't forget to include **#ROW**). Now you've earned one entry in the contest!
- STEP 4** Encourage sharing! Every time your post is shared or your tweet is retweeted, you'll earn another entry!

Contest runs March 1-31, 2016

- MAIN PRIZE** All-expenses paid trip to Ducks University, May 20-22, 2016. Awarded via draw.
- SECONDARY PRIZES** DUC swag. Awarded via "editor's choice" based on creativity and messaging.
