*80 Years of*  
**CONSERVATION  
EXCELLENCE**

In 2018, Ducks Unlimited Canada is celebrating its 80th anniversary. That's eight decades of work conserving critical wetlands for waterfowl, wildlife and the environment. This historic milestone is the result of many dedicated and passionate people, many strong partnerships and a shared conservation spirit.

*Journey to the Falls* is our opportunity to showcase the outstanding wetland conservation work that's been done across Ontario. It's also our opportunity to say "thank you" for the important role you've played in making it all possible.

Few organizations enjoy the kind of longevity and success that we do and DUC's 80th anniversary is a testament to both the need and support for our work. This is something we should all be proud of. **Join us as we celebrate 80 years of conservation excellence, and the people and partnerships that make it happen.**

*Greg Weeks*

*Senior director for DUC in Ontario*
