General Conditions – Grazing

1. **The term of this agreement will be for 1 year(s) commencing 2022 and expiring 2022.**
2. Only proper Ducks Unlimited Canada (DUC) Tender forms will be accepted and the specified closing times for bids are strictly enforced.
3. The highest, or any bid, may not be accepted. Processing bids and the subsequent awarding of the contract will take approximately one week.
4. The bidder is responsible for viewing the land prior to bidding; foot access only is permitted when viewing the property.
5. Before placing any livestock on the property the successful bidder must provide full payment of the bid amount to DUC. All payments are to be given to DUC as per the invoice and are to be made in the form of a cheque made payable to "Ducks Unlimited Canada".
6. The bidder is responsible for fence maintenance and water supply if such supply does not exist on the property.
7. Any acreage numbers listed or shown in this tender process are approximate.
8. Schedules: Grazing must not start before the Earliest Start Date specified and all livestock must then be removed from the property by the Latest Removal Date as specified. The DUC representative must approve any deviation from the removal date. If livestock are not removed before the specified Latest Removal Date, DUC may seek damages and will pursue legal action as necessary to have the cattle removed.
9. The number of grazing days or units tendered is an approximation. If either party considers the forage stand to be deteriorating below acceptable levels the grazing period may be terminated. In such cases, payments made to DUC will be refunded to the bidder, prorated by comparing the actual days (or units) used to the original bid assumption of the number of days (or units) of grazing that would be available.
10. The bidder shall assume full responsibility for safety in accordance with all the applicable laws, regulations and generally accepted practices, including safety of all persons and property.
11. The bidder shall ensure that they operate with due consideration for the condition of the property and not enter or run equipment if field conditions are such that damage to the land will occur (for example, trucking or other equipment under wet or soft field conditions).
12. DUC does not guarantee the land to be free of noxious weeds or poisonous plants and is not responsible for any damages caused by insects or other wildlife that may occur to the forage stand. If the bidder deems it necessary to apply pesticide, at his/her cost, the DUC representative must approve the application.

Ducks Unlimited Canada

Grazing Schedule

| Property | Year | AUD |
|------------------------|-------------|------------|
| Logan (Sec 34-25-4 W4) | 2022 | 4880 |

AUD = cow/calf pair X number of days

Example: 38 pairs + 2 bulls X 122 days = ~ 4880 AUD

More cattle can be grazed for fewer days to achieve the desired total AUD

Please contact for yearling/dry cow conversion rates

Sketch Plans for the Grazing Property is attached below
